 Illinois American Water Co.
 Phone: 309-556-4126
 Email: karen.farris@amwater.com

The Publicity Committee staffs the press desk at the conference. 5 volunteers are needed during the conference.

The 2010 American Water Works Association Annual Conference and Exposition will be held in Chicago. Illinois Section AWWA is very excited to be hosting this event as we did in 1999. Hosting the ACE10 will require many volunteers.

How do I get involved?

This brochure lists the different committees and their chairs. If you have any questions or are interested in volunteering, please contact the chair of the committee or visit www.isawwa.org.

I have never been to the ACE. I won't know what to do.

This is actually a fun way to enjoy the ACE and meet other people from water industry. We will train you in what is expected of you. Many of the volunteers for the 1999 ACE had never attended a national conference.

Can I volunteer for more than one committee?

Absolutely. Actually most of the volunteers do volunteer for more than one committee. As long as the events staffed by the committees do not conflict there is no problem.

If I volunteer do I have to pay the conference registration fee?

The section has a limited number of free conference registrations. If your employer normally pays for your attendance to the conference we ask that you continue that so the complimentary registrations are available for individuals who normally can not attend.
